Dear Sir:-

I have a "Stella" or \$4 gold piece. It has been somewhat defaced by having been worn as a charm, but the piece that was soldered on has been neatly taken off, and the coin is in very fair condition.

If you have a strictly uncirculated piece and care to trade, please say about what difference you would charge.

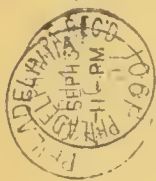

Yours truly,

*W. D. Jameson*

A friend asks me to find out what you ask for a set of uncanceled Columbian stamps.

Gentlemen:-

I am obliged to you for yours of 19th. inst. and will let you know in a day or two if I want any of the pieces on which you name price. Your figures seem high for the 1851 silver dollar and the 1837 nickel with rays, but as I have bought very few coins lately, I am probably "behind the times".

It would be rather difficult for me to make up a list of pieces I want, just now, but I am obliged to you for your offer, and will let you hear from me if I wish you to send some on approval.

Yours truly,

*W. T. Jameson*

Gentlemen:-

I acknowledge receipt of the coins enclosed in your letter of yesterday. They are perfectly satisfactory.

If I can spare the time soon, I may send you a list of such pieces as I would like to have, tho' I would prefer to call and see you, when I am in Philadelphia.

Yours truly,
